

CREATING IBM CLOUD SERVICE

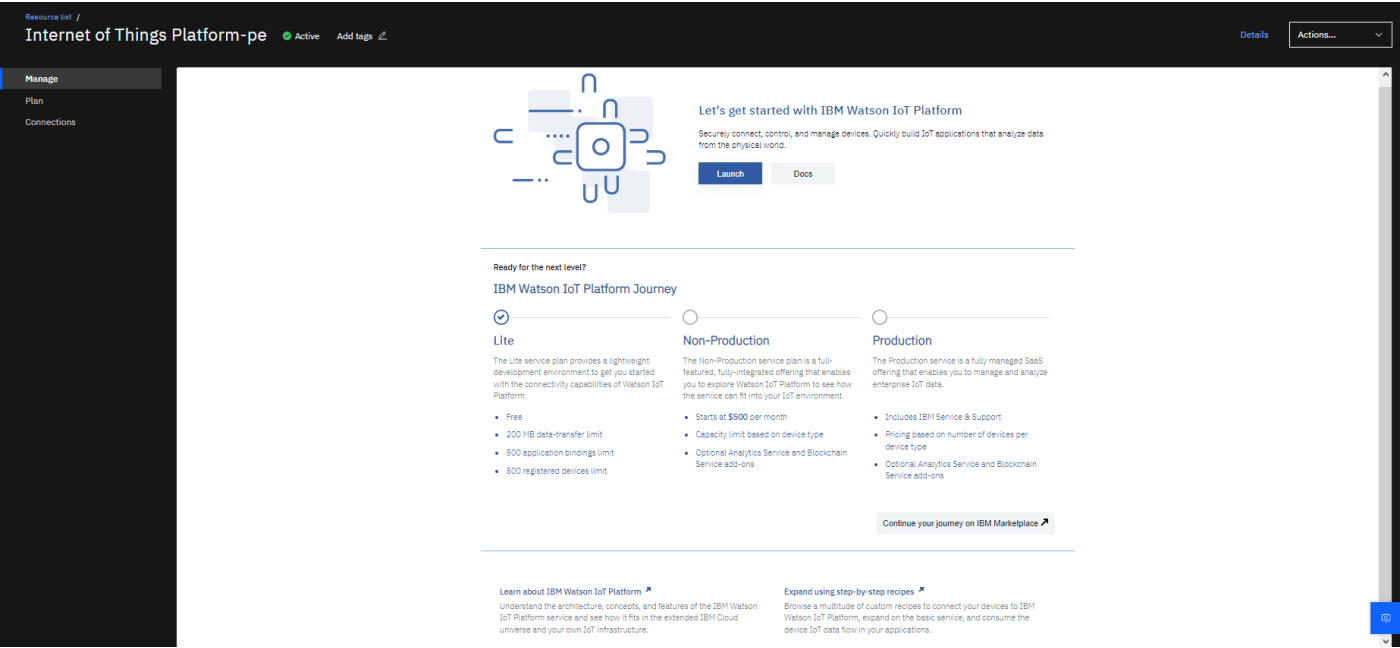

Date	16 NOVEMBER 2022
Team ID	PNT2022TMID06078
Project Name	SMART WASTE MANAGEMENT FOR METROPOLITAN CITIES

The screenshot displays the IBM Cloud Dashboard interface. At the top, there's a navigation bar with the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (Sruthi R's Account). The main section is titled 'Dashboard' and includes a 'Create resource' button. Below this, a 'For you' section features six cards: 'Build' (Getting started, 15 min), 'Build a web app with Watson Speech to Text' (Popular, 2 hr), 'Get Started with Watson Studio' (Recommended, 2 min), 'IBM Watson Internet of Things Platform' (Getting started, 7 min), 'Build a Virtual Private Cloud (VPC)' (Recommended, 20 min), and 'Incorporate DevOps into your process'. The bottom section contains four panels: 'News' (with links to IBM Cloud Data Shield Deprecation, IBM Watson Orchestrate Is Integrating with ThisWay Global, and SLSA Support in IBM Cloud Continuous Delivery), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'.

An IBM cloud service created Successful

CREATING IBM WATSON IOT PLATFORM

IBM Watson IoT Platform created successfully.
